

SMARTKEY SECURITY™

THE ONLY LOCK YOU CAN RE-KEY IN SECONDS!

What is SmartKey?

SmartKey™ is a technology that allows you to re-key a lock in just seconds while improving security without removing the lock from the door.

How Does it Work?

SmartKey™ has a patented side locking bar technology that replaces the traditional pin and tumbler design. This new design includes BumpGuard™ for improved security against lock-bumping, an attack technique that can defeat traditional pin and tumbler locks.

SUPERIOR SECURITY

It's why we buy locks in the first place. With SmartKey™ technology from Weiser you are guaranteed to have one of the most secure residential deadbolts on the market.

ANSI Graded Deadbolts

Deadbolt locks are rated by an independent agency (ANSI) on a grade scale; with Grade 3 being good, and Grade 1 being the best.

How does SmartKey rate?

All of our SmartKey deadbolts are ANSI rated and approved. In our Collections family of products, many of our SmartKey deadbolts are rated as Grade 1 - providing you with the very best residential security on the market and featuring the highest level of pick resistance available.

Available in All Weiser Keyed Functions

Deadbolts

Handlesets

Levers

Knobs

BEFORE YOU START...

These steps show you how to change from the current key that operates the lock to a new key you want to operate the lock. For new purchases, the current key is the one that was supplied with the lockset.

Be sure to install the product on the door first, prior to rekeying.

These instructions illustrate a deadbolt for demonstration purposes, but these SmartKey rekeying instructions also apply to keyed knobs, levers, and handlesets.

DEFINITIONS

www.weiserlock.com/smartkey

STEP 1 TURN TO LEARN POSITION

STEP 2 INSERT AND REMOVE SMART KEY TOOL

STEP 3 LEARN NEW KEY

Slow the Growth of Bacteria

Weiser® and Microban®, the global leader in built-in antimicrobial protection, have teamed up to improve the standard for door hardware. Weiser® offers antimicrobial protection on select products, inhibiting the growth of bacteria on frequently touched door hardware in the home.

Benefits of Door Hardware with Microban® Technology

Bacteria can double every 20 minutes on unprotected surfaces, but door hardware with Microban protection works to continuously fight off microbes.

- Door hardware is 99.9% cleaner than knobs without Microban
- The antimicrobial coating last for the lifetime of the hardware finish, so you can worry less and feel more secure in your home.
- 24/7 Antimicrobial protection
- Microban protection is effective against a broad spectrum of bacteria

Microban finish is available on select products.
